

INVITATION

FROM THE OFFICE OF

ASSEMBLYMAN MIKE VILLINES

August 17, 2006

Dear Healthcare Provider,

As a leader in the healthcare industry and someone who deals daily with issues of access and other rural healthcare problems, I would like to cordially invite you to participate in a rural healthcare meeting at Fish Camp, California. This meeting will allow you to give testimony regarding the issues faced by rural healthcare providers. Once I have collected sufficient testimony from the district and around the State I hope to help craft a legislative package that will tackle the concerns addressed. This meeting will focus on creating a health care delivery model for rural California by identifying workable solutions in three critical areas needing improvement. The critical issue areas are include access to care, workforce and financing.

Your background and unique insight into healthcare issues would be greatly appreciated and I welcome your attendance. The meeting information is as follows:
